SECOND REGULAR SESSION**

***Summary Of Legislation Before The Joint Standing Committees
June 1996***

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills.

Committee Report

Amendments Adopted
S-466

LD 1832 proposed several changes to the appointment criteria and the appointment process pertaining to members of the Atlantic Salmon Board. This bill was enacted on the floor, without reference to Committee.

Senate Amendment "A" (S-466) proposed to add an emergency preamble, an emergency clause and a fiscal note to the bill.

Enacted Law summary

Public Law chapter 535, which was enacted as an emergency, added one member at-large to the Atlantic Salmon Board to represent the public and clarified that the Commissioner of Inland Fisheries and Wildlife and the Commissioner of Marine Resources are exempt from the confirmation process. The law restricts the Atlantic Salmon Authority's role to inland waters other than commercial hatcheries, with the exception of the Ducktrap, Sheepscot, Narraguagus, Pleasant, Machias, East Machias and Dennys rivers. The delay in the effective date of authority over those rivers is to allow the executive branch adequate opportunity to respond to a proposed federal listing of Atlantic salmon. The board will report back to the Joint Standing Committee on Inland Fisheries and Wildlife by December 1, 1996 concerning management of Atlantic salmon and recommendations on staffing and budget.

Chapter 535 was enacted as an emergency measure effective March 13, 1996.
