***Summary Of Legislation Before The Joint Standing Committees
June 1996***

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills.

LD 1891 An Act to Clarify the Gambling Laws of Maine

Committee Report

Amendments Adopted

LD 1891, which was enacted without reference to committee, was introduced immediately following the final vote on LD 1303. The bill proposed to change the definitions of "game of chance" and "game of skill" in Maine's gambling laws. The bill was intended to overrule the Maine Superior Court decision in Sylvester v. State of Maine, Superior Court Docket Nos. CV-93-686 and 94-412 (York County, December 19, 1995) in which the court ruled that a tournament video poker machine was a game of skill under the Maine Revised Statutes, Title 17, section 330, subsection 2-A. This bill proposed to change the law to make it clear that tournament video machines and similar games, contests, schemes or devices are games of chance regulated under the laws of Maine.

Currently, the defining element of a game or contest of chance is that the outcome depends in a material degree on an element of chance. This bill proposed to establish as the defining element whether chance influences the outcome of the game in a way that can not be overcome by the application of skill.

This bill also proposed to establish a mechanism for individuals and businesses to request a predetermination from the State Police of whether a game, contest, scheme or device is a game of skill or a game of chance, in order to assist private citizens in complying with the law.

The bill proposed to require the Chief of the State Police to notify licensees, incorporated civic organizations and the Maine Gaming Association of the provisions of the bill and the availability of the predetermination mechanism.

Enacted law summary

Public Law 1995, chapter 674 changes the definition of “game of chance” so that a defining element is whether chance influences the outcome of the game in a manner that cannot be overcome by the application of skill. It also allows individuals and businesses to request the State Police to make a determination whether a particular game, contest, scheme or device is a game of chance or a game of skill.
