**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 82 proposed to allow a business that repairs snowmobiles to purchase a license from the Department of Inland Fisheries and Wildlife that allows the owner of the shop to lawfully field test an unregistered snowmobile repaired by that shop. Operating an unregistered snowmobile for the purpose of field testing repairs is not allowed under current law.

The annual fee for the snowmobile repair shop license was proposed to be set by the Department of Inland Fisheries and Wildlife in an amount not to exceed \$15, the current annual fee for a snowmobile dealer's license.

Committee Amendment "A" (H-99), the minority report of the Joint Standing Committee on Inland Fisheries and Wildlife, proposed to add an appropriation and a fiscal note to the bill.

Senate Amendment "A" (S-255) proposed that registration of a snowmobile not be required to field test repairs to a snowmobile if the snowmobile is tested on the premises of the snowmobile repair shop when the snowmobile repair shop is open and the snowmobile is not owned by the snowmobile repair shop or any repair shop employee.

Enacted law summary

Public Law 1997, chapter 451 allows a business that repairs snowmobiles to purchase a license from the Department of Inland Fisheries and Wildlife that allows the owner of the shop to lawfully field test an unregistered snowmobile repaired by that shop.
