FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Amendments Adopted

LD 285 proposed to repeal the statutory authority of the Task Force on Defense Realignment and the Economy. The Task Force on Defense Realignment and the Economy was created in 1991 to monitor reductions in federal defense spending and military base realignments, coordinate statewide responses to these reductions and develop a plan to reduce the State's defense dependency. The legislative charge of the task force has been met and no further military base closures are anticipated, the continuation of the task force is no longer necessary nor desirable.

Enacted law summary

Public Law 1997, chapter 15 repeals the statutory authority for the Task Force on Defense Realignment and the Economy. The task force was created in 1991 to monitor reductions in federal defense spending and military base realignments, coordinate statewide responses to these reductions and develop a plan to reduce the State's defense dependency. As the legislative charge of the task force has been met and no further military base closures are anticipated, the continuation of the task force is no longer necessary nor desirable.
