**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 327 proposed to provide a \$1,800,000 General Fund appropriation to the Maine Technical College System. Fund raising campaigns by the colleges would raise an additional \$1,800,000 to match the state appropriation. The funds would be used to expand or create programs to increase system student enrollment by 500 new students.

Committee Amendment "A" (H-348) proposed to clarify the matching requirements pertaining to the Maine Technical College System appropriation. The system would be allowed to include donations in the form of cash, grants, equipment and supplies as matching funds and must return any unmatched portion of appropriation funds to the State by June 30, 1999. The amendment also proposed to add a fiscal note to the bill.

House Amendment "A" to Committee Amendment "A" (H-564) proposed to clarify that the Board of Trustees of the Maine Technical College System would determine the amount of funds to be raised by each college.

Senate Amendment "A" to Committee Amendment "A" (S-367) proposed to reduce the amount appropriated to the Maine Technical College System to increase enrollment.

Enacted law summary

Private and Special Law 1997, chapter 52 provides a \$300,000 General Fund appropriation to the Maine Technical College System for the purpose of expanding programs to increase student enrollment across the System by approximately 85 new students. The bill also calls for each campus of the System to raise funds to match at least 50% of State appropriations.

LD 352 proposed to amend the school funding formula by treating the additional costs required to educate students with limited English proficiency as program costs. This change would have ensured an equitable level of state funding for the special costs of educating students with limited English proficiency.
