FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Enacted law summary

LD 481

An Act to Regulate Body Piercing

PUBLIC 206

<u>Sponsor(s)</u> KERR		<u>Committee Report</u> OTP-AM		<u>Amendments Adopted</u> H-215
---------------------------	--	-----------------------------------	--	------------------------------------

LD 481 proposed to direct the Department of Human Services to establish sterilization, sanitation and safety standards for persons engaged in the business of body piercing. The bill would have required practitioners of body piercing to be registered with the municipality in which they practiced. The bill proposed to require local health officers to annually inspect locations where body piercing was practiced.

In addition, the bill proposed to establish a task force to recommend legislation to regulate body piercing.

Committee Amendment "A" (H-215) replaced the bill and proposed to direct the Department of Human Services to establish sterilization, sanitation and safety standards and necessary rules to regulate the art of body piercing. This amendment would require persons practicing body piercing to be licensed by the department beginning January 1, 1998. The license to practice would be renewed annually for a fee not to exceed \$75. For those persons practicing both body piercing and tattooing, the renewal fee would not to exceed \$100. The renewal fee would include costs for an annual inspection of the body piercing establishment by department sanitarians.

This amendment would also prohibit body piercers from performing body piercing on a minor unless parental consent had been obtained. The prohibition for minors would not include piercing an ear with a disposable, single-use stud or solid needle that is applied using a mechanical device to force the needle or stud through the ear. The amendment would establish a civil violation as the penalty for nonadherence to chapter requirements.
