FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

PUBLIC 276

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JONES K	OTP-AM MAJ	H-291
CAREY	OTP-AM MIN	

LD 735 proposed to allow the Public Utilities Commission to suspend rate regulation of telephone utilities that have insignificant market control if that action would not result in unjust or unreasonable rates for customers. Any such telephone utility would still be required to file its rates with the Public Utilities Commission, but those rates would not be subject to prior commission approval.

Committee Amendment "A" (H-291), the majority report of the committee, proposed to replace the bill. This amendment proposed to permit the Public Utilities Commission to adopt rules under which it could exempt a telephone utility or group of telephone utilities from the provisions of the Maine Revised Statutes, Title 35-A, chapters 9 and 11 and sections 307 and 310. These provisions relate to regulation of telephone utility rates, issuance of long-term debt, the selling of property useful in the performance of public duties, mergers with other utilities, acquisition of stock of other utilities and abandonment of service. The amendment proposed to provide that the commission could grant exemptions only to the extent that they are in the public interest.

This amendment also proposed:

1. To require the Public Utilities Commission, by December 1, 1997, to issue a report to the Joint Standing Committee on Utilities and Energy concerning deregulation of telecommunications services;
2. To prohibit the Public Utilities Commission from granting any exemptions pursuant to Title 35-A, section 307-A, 912 or 1105 until February 1, 1998; and
3. To authorize the Joint Standing Committee on Utilities and Energy to report out legislation concerning regulation or deregulation of telecommunications services to the Second Regular Session of the 118th Legislature.

Committee Amendment "B" (H-292), the minority report of the committee, proposed to replace the bill. This amendment proposed to permit the Public Utilities Commission to adopt rules under which it could exempt a telephone utility or group of telephone utilities from the provisions of the Maine Revised Statutes, Title 35-A, chapters 9 and 11 and sections 307 and 310. The amendment also proposed to provide that the commission could grant exemptions only to the extent that they are in the public interest.

Enacted law summary

Public Law 1997, chapter 276 permits the Public Utilities Commission to adopt rules under which it may exempt a telephone utility or group of telephone utilities from the provisions of the Maine Revised Statutes,
