FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

An Act to Clarify Sanitary District and Sewer District Authority to Adopt Impact Fees

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DEXTER	ONTP MAJ OTP-AM MIN	

LD 767 which was initially referenced to and reported out of the Natural Resources Committee, was re-referred to the Utilities and Energy Committee. The bill proposed to require that impact fees established by sewer or sanitary districts conform to the requirements of law that apply to impact fees established by municipalities.

Committee Amendment "A" (H-145), the minority report of the Joint Standing Committee on Natural Resources, proposed to specify that it is the restrictions on the imposition of impact fees, and not the home rule authority to adopt impact fees, that apply to sanitary districts and sewer districts as well as to municipalities. This amendment was not adopted.

Committee Amendment "B" (H-548), the minority report of the Joint Standing Committee on Utilities and Energy, proposed that impact fees collected by sewer and sanitary districts be subject to regulation by the Public Utilities Commission. This amendment was not adopted.

The bill also proposed to exempt an automobile recycling business with an automobile recycling business permit from the Board of Environmental Protection's solid waste management rules relating to tire storage.
