ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Amendments Adopted
S-136

LD 878 proposed to allow members of the Maine State Retirement System to purchase service credit for time during which the member was on an unpaid or partially paid educational leave. Members would be required to pay the actuarial cost for this service credit so that there is no cost to the State.

Committee Amendment "A" (S-136) like the bill, authorized state employees to purchase service credit in the Maine State Retirement System for time spent on unpaid or partially paid educational leave under the Maine Educational Leave Act. The amendment codified the new language in a separate statutory section to avoid confusion with other purchase of service credit provisions and required that the member must return to state service following the educational leave. The amendment restricted use of the service credit purchased to benefit calculation; the additional credit may not be used for vesting or determination of eligibility for retirement purposes. The amendment also added a fiscal note to the bill.

Enacted law summary

Public Law 1997, chapter 190 allows members of the Maine State Retirement System to purchase service credit for time spent on unpaid or partially paid educational leave, provided the member returns to state service and pays the full actuarial cost of the increased benefit and that the service credit purchased is used to only increase retirement benefits due.
