**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Committee Amendment "A" (H-685) would have replaced the bill. It proposed to require the Departments of Corrections, Education, Human Services, Mental Health, Mental Retardation and Substance Abuse Services and Public Safety to establish a coordinated information referral system and a single intake system for clients. By January 1, 1998, the named departments would have been required to report to the Joint Standing Committee on Health and Human Services regarding their progress in establishing the systems. The report would have been required to contain any legislation required to establish the systems. It would have added a fiscal note to the bill.
