**Summary Of Legislation Before The Joint Standing Committees**  
**May 1998**

We are pleased to provide this summary of bills that were considered by the Joint Standing Committees of the Maine Legislature. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

-----------------------------	--	-----------------------------------------------------------	--	---------------------------

LD 1050 proposed to amend the procedures for mandatory prelitigation screening and mediation panels by changing the composition of the panel, changing the standard for the panel's decision to whether there are genuine issues of material fact, and prohibiting the use of panels in cases not involving a health care practitioner.

**Committee Amendment "A" (H-1077)** (Minority Report) proposed to replace the bill. It proposed to prohibit a health care practitioner who is insured by the same professional liability insurance company as the person accused of professional negligence from serving on the prelitigation screening panel. The amendment proposed that, unless the plaintiff has requested that a time period be extended, the hearing may be bypassed completely if it has not been held within 4 months. It proposed to shorten certain time periods and allow experts to submit written statements rather than testify in person. It proposed to allow the panel chair to require the parties to make their presentations of the case in writing. It proposed to change the standard of proof used by the panel to whether the evidence presented to the panel and the permissible inferences from the evidence raise issues of fact as to negligence and causation. It proposed to allow the use of testimony made under oath in the panel proceedings to be used in subsequent proceedings for the purpose of impeachment. (Not adopted)
