ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Committee Amendment "A" (S-244) was the minority report of the Committee. In addition to requiring that four members of the Maine Land Use Regulation Commission be residents within the commission's jurisdiction, this amendment proposed removing the requirement that four members be knowledgeable in at least one of four specified areas. Instead it proposed directing the Governor to seek persons knowledgeable in these areas for all positions. The amendment also proposed an application section to clarify that four members must be residents of the jurisdiction by December 31, 1999.

Enacted law summary

Public Law 1997, chapter 549 requires that four members of the Maine Land Use Regulation Commission be residents within the commission's jurisdiction. It removes the requirement that four members be knowledgeable in at least one of four specified areas. Instead, it directs the Governor to seek persons knowledgeable in these areas for all positions. By December 31, 1999, four members must be residents of the jurisdiction.

LD 1174

An Act to Enhance Live Animal and Embryo Exports From Maine

P & S 20

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
NUTTING BUNKER	OTP-AM	S-102

LD 1174 proposed requiring the Commissioner of Agriculture, Food and Rural Resources to develop a plan for creating an animal testing program. The program would enable the department to perform all tests required for export of live animals and embryos from this State. The bill proposed that the commissioner be required to submit the plan to the Legislature by January 1, 1998. The bill proposed authorizing the Joint Standing Committee on Agriculture, Conservation and Forestry to report out to the Second Regular Session of the 118th Legislature legislation relating to testing of live animals and embryos for export from the State.

Committee Amendment "A" (S-102) proposed specifying the tests required and directing the department to provide cost estimates associated with testing capabilities for the five tests and to consult with potential users of the test program.

Enacted law summary

Private and Special Law 1997, chapter 20 requires the Commissioner of Agriculture, Food and Rural Resources to develop a plan for creating an animal testing program that meets all applicable federal and state requirements for testing live animals and embryos for export from the State. The commissioner must submit the plan by January 1, 1998. The department is required to provide estimates of the costs associated with testing capabilities and to consult with potential users of the testing program. The Joint Standing Committee on Agriculture, Conservation and Forestry is authorized to report out to the Second Regular Session of the 118th Legislature legislation relating to testing of live animals and embryos for export from the State.
