FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1207 proposed to incorporate the educational technician authorization into the laws governing certification of educational personnel.

Committee Amendment "A" (H-688), which is the majority report of the Joint Standing Committee on Education and Cultural Affairs, proposed to extend the renewable educational technician authorization to grandfathered personnel and clarify that authorization will be renewed upon the completion of three credit hours of professional or academic study or in-service training. The amendment also proposed to allow school administrative units the option to develop local educational technician authorization systems under rules adopted by the Commissioner of Education. Finally, this amendment proposed to add a fiscal note to the bill.

Senate Amendment "A" (S-380) proposed to clarify that certain costs related to the authorization of educational technicians are not required to be paid by school administrative units, eliminating the state mandate.
