FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Public Law 1997, chapter 553 incorporates the educational technician authorization into the laws governing certification of educational personnel. The law further extends the renewable educational technician authorization to grandfathered personnel and clarifies that authorization will be renewed upon the completion of 3 credit hours of professional or academic study or in-service training. The law also allows school administrative units the option to develop local educational technician authorization systems under rules adopted by the Commissioner of Education.

LD 1209 proposed to eliminate the School Administrative District No. 46 applied technology center. The bill further proposed to require that School Administrative District No. 46 continue to make its applied technology programs available indefinitely to other school administrative units that wish to participate in such programs on a cost-sharing basis that charges an equal per student tuition charge to all such participating school administrative units, including School Administrative District No. 46 or on any other basis that is mutually agreeable to all such participating school administrative units and School Administrative District No. 46.

LD 1229

An Act to Authorize the Conversion and Reuse of the Perry Hayden Hall at Pineland Center as an Elementary School

**P & S 22
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BUTLAND	OTP-AM	S-178

LD 1229 proposed to authorize the Board of School Directors of Maine School Administrative District No. 15 to seek approval from the voters of the towns comprising the district to raise funds for the conversion of Perry Hayden Hall at Pineland Center for use as an elementary school. The proposed conversion project would replace the district's Russell Elementary School project that is presently on the special priority list of the State Board of Education and would eliminate the need for construction of a new Kindergarten to grade five elementary school. Maine School Administrative District No. 15 would not issue bonds for the permanent financing of this project until fiscal year 1998-99 and must treat \$82,500 of the debt service on the project for each of the first five years as locally funded debt service without state participation.

Committee Amendment "A" (S-178) proposed to clarify the authority of the State Board of Education to consider concept approval and fiscal funding approval in the same manner as other school construction projects and would allow the State Board of Education and the Commissioner of Education to approve the issuance of bonds for the project in fiscal year 1997-98. This amendment would also increase the new amount that Maine School Administrative District No. 15 is required to pay as locally funded debt service without state participation from \$82,500 per year to \$97,000 per year and increases the duration of those payments from five to 10 years. It would also raise funds for the conversion of Perry Hayden Hall at Pineland Center for use as an elementary school. This amendment further proposed to clarify the provision related to holding a local referendum vote. After receiving concept approval by the State Board of Education, this amendment would permit the Board of School Directors of
