**FIRST REGULAR AND FIRST SPECIAL SESSIONS**

**Summary Of Legislation Before The Joint Standing Committees**  
**August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

1. It would have repealed the provision, enacted in the 117th Legislature, that permits the Bureau of General Services to assess school administrative units the reasonable cost of services provided by the bureau of school construction projects.
2. It would have increased the maximum debt service limit for school construction projects in 1999 from \$69,000,000 to \$81,000,000 and in 2000 from \$70,000,000 to \$81,000,000.
3. It would have directed the Bureau of General Services to adopt rules to ensure that state and local suppliers are used; nonspecific bidding is required; the standard contract between the school and the architects includes a scale for maximum architect fees and a scale for architect errors and omissions insurance levels; and that all subcontractors work only under the architect's contracts.
4. It would have directed the Department of Education to develop a proposal to require that all school construction projects, movable equipment and technology be paid for by a combination of the state share percentage and the local share percentage for debt service costs.

PERKINS KIEFFER	ONTP	

LD 1353 proposed to require the Department of Education to establish by rule the pilot School Choice Program in elementary education in a minimum of one school administrative district or union. The program would allow a parent or guardian to transfer a child to a public school or an approved, nonsectarian private school of the parent's or guardian's choice. The bill also proposed to require the sending municipality as defined in the Maine Revised Statutes, Title 20-A, section 15652, to pay \$2,000 for each child to the receiving school for tuition assistance.

**LD 1355**

**An Act to Fully Fund Local Education with Income and Sales Tax Revenues**

**ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GOODWIN	ONTP	

LD 1355 proposed to provide General Fund appropriations to the Department of Education to fully fund the cost of education for students in kindergarten through grade 12. Reductions in funding for all other departments and agencies are proposed to fund these additional education costs. The Department of Education and the State Budget Officer are directed to submit any proposed legislation required to implement the provisions of this bill by January 16, 1998.
