ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1429

An Act to Amend the Maine Apprenticeship Program

PUBLIC 522

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MICHAUD BERRY R	OTP-AM	S-298 S-375 MICHAUD

LD 1429 proposed to clarify the roles and responsibilities of the State Apprenticeship and Training Council, the apprenticeship staff and program sponsors in order to encourage apprenticeships on a statewide basis. The bill would require the Department of Labor to provide integrated oversight of apprenticeship issues by assuming the oversight responsibility for all related instruction activity, a function previously performed by the Maine Technical College System, as well as maintaining current oversight responsibility for on-the-job training. The bill would require the Department of Labor to employ a director of apprenticeship and training to implement a statewide apprenticeship program and to pay for 50% of the tuition costs for certain apprentices. The bill also proposes that the Department of Labor produce presentations and promotional videotapes on apprenticeships.

Committee Amendment "A" (S-298) proposed to limit the financial impact of the bill by removing those words that could be viewed as requiring the Department of Labor to offer certain educational programs, technical assistance and tuition subsidies. The amendment also proposed to replace the word "trade" with "occupation". The amendment would have added an appropriation of over \$350,000 in General Funds in each fiscal year and over \$100,000 in Federal Expenditure Funds to cover the costs of the expanded program.

Senate Amendment "A" to Committee Amendment "A" (S-375) proposed to remove the appropriation and allocation of all funds other than the transfer of \$180,000 from the Maine Technical College System to the Department of Labor for costs associated with this program.

Enacted law summary

Public Law 1997, chapter 522 clarifies the roles and responsibilities of the State Apprenticeship and Training Council, the apprenticeship staff and program sponsors in order to encourage apprenticeships on a statewide basis. It requires the Department of Labor to provide integrated oversight of apprenticeship issues by assuming the oversight responsibility for all related instruction activity, a function previously performed by the Maine Technical College System, as well as maintaining current oversight responsibility for on-the-job training. It requires the Department of Labor to employ a director of apprenticeship and training to implement a statewide apprenticeship program and, as funding allows, to pay for 50% of the tuition costs for certain apprentices.
