May 1998

We are pleased to provide this summary of bills that were considered by the Joint Standing Committees of the Maine Legislature. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1416

An Act Concerning Eligibility for Service on a School Board

Committee Report
ONTP

Amendments Adopted

LD 1416 was carried over from the First Regular and First Special Sessions and proposed to amend the current definition of "full-time employee" as that applies to school board membership. Currently, neither a full-time employee in a public school nor such an employee's spouse may serve on the district's or union's school board. This bill further proposed a definition of "volunteer" to mean a person who, for no remuneration, volunteers no more than once a month or in no more than five months a year. The bill would have allowed volunteers to serve on a school board but maintained the prohibition against full-time employees serving as school board members.

LD 1436

An Act to Amend School Construction Laws

Committee Report
ONTP

Amendments Adopted

LD 1436 was carried over from the First Regular and First Special Sessions and proposed that the State Board of Education be required to include in its rating plan for school construction projects equal consideration for "substantial" restoration, rather than "complete" restoration, if it is in lieu of new construction and consideration of health and safety, building codes and federal Americans with Disabilities Act violations. The bill would also have amended the state board's design limit provisions to eliminate any requirements for minimum parcel size if the location of a school construction project is consistent with the town's comprehensive plan and other approval criteria are met. The bill further proposed to establish that, once a school administrative unit has been approved by the state board for funding, it may still seek or obtain local funding for a project and be reimbursed for any funds expended prior to receipt of state funding once the money is released from the State to the school administrative unit.

LD 1544

An Act to Amend the Process by Which School Construction Is Approved

Committee Report
ONTP

Amendments Adopted

LD 1544 was carried over from the First Regular and First Special Sessions and proposed to authorize the Department of Education to develop standardized construction plans and to choose school plans for new school construction that take the school's five-year target population into consideration. The bill further proposed to require the department to develop a process for choosing the plans in a timely manner and would have required any changes to the plans requested by a local school administrative unit to be the responsibility of the local unit.
