ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 1477 proposed to provide that a subcontractor hired by a contractor to harvest wood would be considered an employee for purposes of workers' compensation laws.

Committee Amendment "A" (S-299), which was initially adopted in both chambers but then indefinitely postponed with the bill and all accompanying papers in the House, proposed to require all persons engaged in harvesting wood products to carry workers' compensation insurance for themselves in addition to their employees. The only exception would be for an individual who contracts directly with the landowner to harvest the wood and performs all of the wood harvesting alone. The amendment also proposed to define harvesting forest products as to sever and remove standing trees from a forest.

LD 1493

An Act to Adopt an Orderly Procedure for Determining the End of Entitlement to Partial Workers' Compensation Benefits

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MILLS	ONTP	

LD 1493 proposed that after an employee has received 260 weeks of benefits for partial incapacity, the Workers' Compensation Board would be required to terminate benefits unless the employee demonstrates certain facts about the injury, the employee's prospects for employment or the employee's rehabilitation. The bill's changes would only apply to injuries occurring on or after October 1, 1997.

LD 1494

An Act to Replace the Defined Benefit Retirement Plan for State and Other Public Employees with a Defined Contribution Plan

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
AMERO	ONTP	

LD 1494 proposed, effective July 1, 2001, to eliminate the present defined benefit retirement plan for state and other public employees hired after that date and replaced it with one or more defined contribution plans. The details of the defined contribution plan or plans, including types of plan to be available, contribution rates, retirement eligibility requirements and responsibility for management and administrative functions, were to be determined by the Legislature in the year 2000 based on recommendations of a blue ribbon commission established in the bill. The commission consisted of four impartial, qualified members appointed by the Governor and legislative leadership. The commission was to issue an interim report to the Joint Standing Committee on Labor in January 1999, and its final report to the Governor and the Legislature by December 1, 1999. Employees who become members of the Maine State Retirement System before July 1, 2001 would remain members of the retirement system, which would continue for the purpose of administering the benefits of those members.

This and several other bills proposing major changes in the retirement plans for state employees, teachers or legislators were reported out ONTP, and related bill LD 1370 was carried over to the Second Regular Session. That bill could serve as a legislative vehicle to address retirement plan changes in 1998. See also LDs 1014 and 1259.
