**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1671 proposed to change the calculation and the payment of the state and local shares of the per pupil guarantee under the school funding formula for school administrative districts and community school districts. This bill would determine the calculation and payment of state and local shares of the per pupil guarantee for school administrative districts and community school districts as if they were individual school administrative units. This bill would take effect at the start of fiscal year 2000-01 to allow the State and member municipalities in school administrative districts and community school districts time to adjust to this change.

Committee Amendment "A" (H-558), the minority report of the Joint Standing Committee on Education and Cultural Affairs, proposed to add a fiscal note to the bill.
