**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1691

An Act to Significantly Reduce Smoking and Tobacco Use among the Young People of Maine

ONTP

<u>Sponsor(s)</u> MITCHELL J		<u>Committee Report</u> ONTP		<u>Amendments Adopted</u>
---------------------------------	--	---------------------------------	--	---------------------------

LD 1691 proposed to establish a self-funded program to reduce dramatically the use of tobacco products by young people in this State, and to fund other health care, tax relief and business transition programs the Legislature considers appropriate. It would have raised tobacco taxes \$1 per pack of cigarettes and dedicated the funds for health care, anti-smoking campaigns, increased enforcement and held harmless the General Fund tobacco tax revenues.

LD 1693

An Act to Amend the Maine Health Data Organization Laws

**PUBLIC 525
EMERGENCY**

<u>Sponsor(s)</u>		<u>Committee Report</u> OTP		<u>Amendments Adopted</u> H-206 MITCHELL, J S-369 MICHAUD
-------------------	--	--------------------------------	--	---

LD 1693, which was a committee bill reported pursuant to joint order, proposed to correct 2 unintended omissions in the Maine Health Data Organization's enabling legislation. It would have added radiological facilities to the definition of health care facility, and services is added to the statutory section requiring ambulatory data to be filed by health care providers. Both additions would maintain the status quo and require no additional providers to submit data. This bill proposed to allow any interest that is generated from the dedicated revenues to remain in the dedicated account. It would have changed the designation of rules adopted by the Maine Health Data Organization board from major substantive rules to routine technical rules. It would have provided for permanent funding from fees charged by the organization and from assessments on providers of health care services and insurers. It would have added emergency language to ensure that a method of permanent funding is provided and the organization is authorized to conduct its business.

House Amendment "A" (H-206) proposed to add a fiscal note to the bill.

Senate Amendment "A" (S-369) proposed to undedicate the interest income earned on the Maine Health Data Organization dedicated fund balances.

Enacted law summary

Public Law 1997, Chapter 525 comprises the provisions of the bill and House Amendment "A" and Senate Amendment "A". It includes radiological facilities as health care facilities and broadens ambulatory surgical data to include services. It designates organization rules as routine technical rules. It provides for permanent funding.
