**ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS**

**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1700

An Act to Simplify the Process for Applying for State Services for People with Disabilities

INDEF PP

<u>Sponsor(s)</u> WATSON HARRIMAN	<u>Committee Report</u> OTP-AM	<u>Amendments Adopted</u>
---	-----------------------------------	---------------------------

LD 1700 proposed to require the Department of Human Services to establish a central clearinghouse of information concerning all state or federal assistance programs for providing services to people with disabilities and to create and make available a single application form to be used by the department to determine an applicant's eligibility for any state or federal assistance program.

Committee Amendment "A" (H-702) proposed to replace the bill. It would have required the State to develop an automated service delivery system for providing information on services available to persons with disabilities, including information on eligibility for state and, to the extent possible, federal assistance programs by July 1, 2000. The amendment would have required the system to guard consumer confidentiality and to provide primary service coordinators to work with the consumers and providers of services and added a fiscal note to the bill.
