### ONE HUNDRED EIGHTEENTH LEGISLATURE FIRST REGULAR AND FIRST SPECIAL SESSIONS

### Summary Of Legislation Before The Joint Standing Committees August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. LD 1717 proposes to establish a higher education trust to assist residents of the State in saving for the costs of attending higher education and to assist students in the payment, in advance, of the tuition and related costs of attending colleges and universities in the State. This bill would create the Maine University Savings Trust as an instrumentality of the State and would accomplish the following.

- 1. Provide assistance and incentives for saving toward higher education costs and for the purchase of prepaid tuition contracts for the benefit of the children of this State to attend a qualified institution of higher education in the State.
- 2. Encourage timely financial planning for higher education by the creation of prepaid tuition contracts and further encourages employer participation in that planning.
- 3. Increase the number of qualified students who will seek to attend colleges and universities in Maine, which will be of benefit to the colleges and universities, and will therefore advance and improve higher education in the State.

Under this proposed bill, members of the Finance Authority of Maine would serve as trustees for the Maine University Savings Trust and act on behalf of the trust to establish and administer the separate trust funds. The bill was carried over to the Second Regular Session of the 118th Legislature.
