FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1713 proposed to make the remedies available in proven cases of unlawful discrimination under the Maine Human Rights Act the same as those now available under the Federal Civil Rights Act of 1991, the Americans with Disabilities Act of 1990 and the Federal Fair Housing Amendments Act of 1988.

Committee Amendment "A" (H-592) is the Majority Report. It proposed to make the provisions consistent with the Federal Civil Rights Act of 1991 and Title I of the Americans with Disabilities Act of 1990 with regard to compensatory and punitive damages for unlawful discrimination in employment and to make other revisions. It proposed to prohibit compensatory and punitive damages if the plaintiff does not first pursue remedies through the Maine Human Rights Commission. It proposed to retain the existing authorization for civil penal damages in all cases of unlawful discrimination in housing, credit, education and public accommodations, and for discrimination in employment against public entities and employers with fewer than 15 employees. The amendment proposed to prohibit punitive damages against governmental employers and employees.

Enacted law summary

Public Law 1997, chapter 400 authorizes compensatory and punitive damages for intentional employment discrimination by employers with 15 or more employees. This is consistent with the Federal Civil Rights Act of 1991 and Title I of the Americans with Disabilities Act of 1990. However, these damages are not available if the plaintiff does not first pursue remedies through the Maine Human Rights Commission. Chapter 400 retains the existing authorization for civil penal damages in all cases of unlawful discrimination in housing, credit, education and public accommodations, and for discrimination in employment against public entities and employers with fewer than 15 employees. Punitive damages against governmental employers and employees are not available.

LD 1728 proposes to expand physician peer review beyond hospital settings to include other types of settings where health care services are provided. The bill proposes to strengthen the ability of a licensed health care practitioner to become involved in providing information and reviewing another health care practitioner's competence to practice health care by specifying the confidentiality of communications about another health care practitioner, by defining a health care organization and that organization's duties and by expanding the peer review process outside of the hospital setting. This bill has been carried over to the Second Regular Session.
