**Summary Of Legislation Before The Joint Standing Committees
May 1998**

We are pleased to provide this summary of bills that were considered by the Joint Standing Committees of the Maine Legislature. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1861

**RESOLUTION, Proposing an Amendment to the Constitution of
Maine to Provide Equal Educational Funding**

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PARADIS BELANGER D	ONTP	

LD 1861 was carried over from the First Regular and First Special Sessions and proposed to amend the Constitution of Maine to require that the Legislature ensure that funding is available to provide equal educational opportunities to students at public schools throughout the State.

LD 1967

An Act to Allow for Greater Efficiency in School Construction

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PINGREE	ONTP	

LD 1967 proposed to authorize school administrative units to enter into design-build contracts, as an alternative to the traditional design-bid-build method, for the construction, major alteration or repair of school buildings. Under current law, any contract for the construction, major alteration or repair of school buildings involving a total cost in excess of \$100,000 must be awarded by competitive bids. While the Committee voted ONTP on this bill, the concept of permitting school units to use alternative school construction methods and delivery systems will be examined as part of a stakeholders group review to be established by the Department of Education, the State Board of Education and the Bureau of General Services (see Public Law 1997, chapter 787, section 16).
