Summary Of Legislation Before The Joint Standing Committees
May 1998

We are pleased to provide this summary of bills that were considered by the Joint Standing Committees of the Maine Legislature. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

It also includes a supplemental General Fund appropriation of \$400,000 for the Department of Human Services to issue a request for proposals for supportive services in assisted living settings in the Bangor area. LD 2041 proposed to provide funding for the Maine School of Science and Mathematics.

Committee Amendment "A" (H-927) proposed to amend the reporting requirements for the Maine School of Science and Mathematics to require that certain reports be submitted annually rather than biennially. It also required the school to submit quarterly financial statements. The amendment also clarified that the General Fund appropriations were being provided on a one-time basis to pay outstanding bills.

Senate Amendment "A" to Committee Amendment "A" (S-778) removed the emergency preamble and emergency clause from the bill and moved the General Fund appropriation of \$50,000 in fiscal year 1997-98 to fiscal year 1998-99.

Enacted law summary

Public Law 1997, chapter 760 requires the Maine School of Science and Mathematics to submit annual rather than biennial reports to the Governor and the Legislature and requires the school to also submit quarterly financial statements. The act also provides a General Fund appropriation to the school of \$150,000 in fiscal year 1998-99 on a one-time basis to pay outstanding bills.
