**Summary Of Legislation Before The Joint Standing Committees**  
**May 1998**

We are pleased to provide this summary of bills that were considered by the Joint Standing Committees of the Maine Legislature. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

Please note the effective date for all non-emergency legislation enacted in the Second Regular Session (unless otherwise specified in a particular law) is June 30, 1998 and July 9, 1998 for the Second Special Session. Second Special Session laws include Public Laws beginning with Chapter 718, Private and Special Laws beginning with Chapter 82 and Resolves beginning with Chapter 117.

2. It would reduce the amount allocated for scholarships to private institutions to \$500,000.
3. It would require a report to be provided to the Legislature on the effectiveness of the Maine First Scholars Program in December 1999.
4. It would extend to 24 months the time after graduation from high school or equivalent that the student is eligible for the Maine First Scholars Program.
5. It would clarify that the rules that the Finance Authority of Maine must adopt to prioritize available funds are routine technical rules.
6. It would further provide that students must maintain a 2.0 grade point average during the year for which they receive a grant under the Maine First Scholars Program. If a student does not achieve the 2.0 grade point average in the student's first semester or does not complete the semester, the student will not receive a Maine First Scholars Program grant for the 2nd semester. If a student does not complete the first year or does not attain a minimum 2.0 grade point average for the first year, then that student must reimburse the Finance Authority of Maine for the full amount of the grant.
7. It would also require that the University of Maine System dedicate any incremental increases of tuition revenue from students in the Maine First Scholars Program to provide scholarships for program participants.

Finally, the amendment proposed to add a fiscal note to the bill.

While this bill died in concurrence, two of the substantive provisions of this bill were enacted as part of the supplemental appropriations bill. The Maine Technical College System received a \$3,000,000 appropriation in fiscal year 1998-99 to provide funds for information technology, capital equipment and facility improvements (see Public Law 1997, chapter 643, part FF). The Maine Student Incentive Scholarship Program received an additional \$4,000,000 appropriation in fiscal year 1998-99 (see Public Law 1997, chapter 643, part HH). The supplemental appropriations bill also increased the minimum amount of scholarships from \$500 to \$1,000 and eliminated the requirement that scholarships for students attending private postsecondary education institutions must be 2 times the amount of scholarships awarded to students attending public postsecondary education institutions.

Amendments Adopted

LD 2218 proposed to implement the legislative recommendations of the Task Force on Improving Access to Prescription Drugs for the Elderly, established by Public Law 1997, chapter 560, Part E. LD 2218 proposed to expand the elderly low-cost drug program to cover those who meet the age and disability requirements and whose income is less than or equal to 185% of the federal poverty level. It also directed the Department of Human Services to seek a Medicaid waiver from the federal Health Care Financing Administration to provide Medicaid prescription drug benefits for persons 62 years of age and over whose income is less than or equal to 185% of the federal poverty level. LD 2218 also required the Department of Human Services to provide educational materials on the elderly low-cost drug program to be distributed by the Bureau of Revenue Services when sending out the program's drug cards to eligible residents.

**Committee Amendment "A" (H-1074)** replaced the bill and proposed a General Fund appropriation of \$2,000,000 to the Department of Human Services to include additional medications as determined by the department to the elderly low-cost drug program. It also directed the department to pursue a Medicaid waiver to provide Medicaid prescription drug benefits. While the bill was indefinitely postponed, many of the provisions of the bill were included, in amended form, in Public Law 1997, c. 643, Part RR.
