**Summary Of Legislation Before The Joint Standing and Select Committees**  
**August 1999**

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

Amendments Adopted  
H-226

LD 270 proposed to establish the Washington County Electricity Agency to serve as a public aggregator, broker or marketer for consumers of electricity located within Washington County. The bill proposed to authorize the agency to enter into agreements with consumers to serve as a public aggregator, broker or marketer on their behalf and to negotiate and enter into agreements with competitive electricity providers to purchase power on behalf of or broker the purchase of power by consumers served by the agency, beginning on March 1, 2000.

**Committee Amendment "A" (H-226)** proposed to replace the bill. The amendment proposed to authorize the county commissioners of a county to establish a county electricity agency to serve as a public aggregator for any electricity consumers, public or private, located in that county. Under the amendment, an agency would not be permitted to require a consumer to join or be served by the agency. All debts and liabilities incurred by an agency or a county through an agency would be the responsibility of the agency or county and would not be a liability of the State.

An agency may not require a consumer to join or be served by the agency. All debts and liabilities incurred by an agency or a county through an agency are the responsibility of the agency or county and are not a liability of the State.
