**SECOND REGULAR SESSION**

**Summary Of Legislation Before The Joint Standing Committees**  
**July 2000**

We are pleased to provide this summary of bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

LD 528 proposed to implement the recommendations of the Task Force to Study the Need for an Ombudsman for the Department of Human Services and the Department of Mental Health, Mental Retardation and Substance Abuse Services related to the Department of Mental Health, Mental Retardation and Substance Abuse Services.

**Committee Amendment "A" (H-1080)** proposed to replace the bill. It reflects the work of the Joint Standing Committee on Health and Human Services on children's ombudsman functions. The amendment contains the following provisions.

2. The amendment proposed to establish the Child Ombudsman Office to provide ombudsman services to children and families through a contract with a nonprofit organization. The office would be able to answer inquiries and investigate and work toward resolution of complaints regarding services and programs for children and families, provide information, assistance and legal representation services, provide an outreach program, collect and analyze information and report annually to the joint standing committee of the Legislature having jurisdiction over health and human services matters.
