ONE HUNDRED NINETEENTH LEGISLATURE
FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 324 proposed to amend the law that allows an assistant to a physician or a surgeon to perform certain activities only when the physician or surgeon has direct control over the assistant and is in the same room with the assistant while the procedure is being performed.

This bill proposed to continue to require that an assistant to a physician or a surgeon may only perform certain activities when the assistant is under the control of the physician or surgeon, but would allow the assistant to perform those activities outside of the direct presence of the physician or surgeon, instead requiring only that the physician or surgeon be present on the premises.
