**August 1999**

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

***Enacted law summary***

Resolve 1999, chapter 63 establishes the 13-member Task Force on State Office Building Location, Other State Growth-related Capital Investments and Patterns of Development. The task force members are to be appointed as follows: five members from the Senate, appointed by the President of the Senate, including one each from the following joint standing committees: Natural Resources, Business and Economic Development, Transportation, Taxation, and Agriculture, Conservation and Forestry; eight members from the House, appointed by the Speaker of the House of Representatives, including at least one each from the following joint standing committees: Natural Resources, Business and Economic Development, Transportation, Taxation, Agriculture, Conservation and Forestry, State and Local Government, and Education and Cultural Affairs. The task force is charged with reviewing legislation relating to patterns of development carried over by the First Regular Session of the 119th Legislature and with making findings on the following issues:

1. Role of state office buildings in the continued viability of downtown service centers within the state and the impact of growth-related capital investments and location decisions by the State;
2. Fiscal policies that may have the effect of pushing rural lands out of productive use;
3. Coordination of state and local urban transportation planning and streamlining of local and state land use rules and regulations;
4. Productive use of farms and woodlands and the preservation of open space around urbanizing areas; and
5. Other such areas as the task force considers appropriate.

The task force also is charged with assessing how other states have responded to these issues and with making recommendations to the Legislature concerning pending legislation and on new legislation. The task force is authorized to hold up to six meetings and at least one public hearing on its recommendations prior to submitting its final report to the Legislature by December 15, 1999.

Chapter 63 was enacted as an emergency measure effective June 10, 1999.

Amendments Adopted

LD 348 proposed to require every state agency receiving state funds to undergo an audit over the next six years by outside auditors selected through competitive bidding. Under the bill, the Governor would have determined which agencies were to be audited in which year, with the exception of the Department of Human Services and the Department of Transportation, which were to be audited in the first year of the audit process.
