FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Committee Amendment "A" (H-30), the majority report of the Joint Standing Committee on Marine Resources, proposed to amend the bill by allowing for a reduction in the retail seafood license fee for a license issued after September 30th only to a person who has not previously held a retail seafood license for the establishment or vehicle named in the new license. The amendment proposed to change the reduced fee from \$42.50 to \$42 and to specify that the full fee applies regardless of the date the license is issued if a person is in violation of the requirement to have a retail seafood license.
