Resolve 1999, chapter 81 establishes a Task Force to Study the Need for an Agricultural Vitality Zone Program. The task force consists of 4 citizen members with experience in agriculture or agricultural marketing and 5 Legislators. The first named Senate member and the first named House member serve as chairs of the task force.

The task force is charged with identifying areas of the State where there is substantial existing small-scale agricultural activity, networks of support services and regional markets. The task force is also required to target existing and potential state resources, including farmland conservation and protection measures, job training and beginning-farmer training programs, tax credits and incentives and grants and loans, to create and support these agricultural vitality zones.

The task force is required to invite the participation of representatives of the State Planning Office, the Department of Agriculture, Food and Rural Resources, the Department of Economic and Community Development and representatives of regional development districts. The Office of Policy and Legal Analysis will provide staffing services. The State Planning Office and the Department of Agriculture, Food and Rural Resources will provide assistance as needed.

It requires the task force to report its findings to the Joint Standing Committee on Agriculture, Conservation and Forestry by December 1, 1999. The committee is authorized to report out a bill during the Second Session of the 119th Legislature based on recommendations and findings of the task force.
