**Summary Of Legislation Before The Joint Standing and Select Committees**  
**August 1999**

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

**LD 1356****An Act to Allow Authorized Removal of a Beaver Dam Without a Permit****PUBLIC 148**

<u>Sponsor(s)</u> SHERMAN	<u>Committee Report</u> OTP-AM	<u>Amendments Adopted</u> H-212
------------------------------	-----------------------------------	------------------------------------

LD 1356 proposed to allow a game warden to authorize the removal of a beaver dam without needing a permit under the natural resources protection laws if the beaver dam, in the opinion of the warden, has caused or may cause damage to private property, including woods or existing private roads.

**Committee Amendment "A" (H-212)** proposed to remove the section from the bill that gives a game warden authority to approve the removal of a beaver dam, because game wardens have that authority under existing law. The amendment also proposed to clarify that a person who removes a beaver dam as authorized by a game warden would be exempt from the requirement to get a permit under the natural resources protection laws only if the removal meets certain standards.

*Enacted law summary*

Public Law 1999, chapter 148 authorizes the removal of a beaver dam without a permit under the natural resources protection laws if the removal is authorized by a game warden and if the removal meets certain standards.
