ONE HUNDRED NINETEENTH LEGISLATURE
FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1720 proposed to create a uniform prospective remedy for recovery of economic loss, including related costs and legal fees, caused by tobacco exposure. As proposed, the liabilities created by the law apply only to manufacturers and not to other members of the tobacco industry.

The bill proposed that manufacturers are prospectively held to a strict liability standard and are deprived of the contributory negligence defense; but victims may not recover noneconomic damages.

The bill proposed that group losses asserted by the State, insurers or health care providers are provable on the basis of market share liability with the aid of certain presumptions that the manufacturers are permitted to rebut or adjust.

The bill proposed that the remedies are expressly cumulative and not intended to foreclose remedies that may exist or arise from interpretations of common law or state or federal laws. As proposed, amounts that may be recovered in prior tobacco settlements are credited against any losses to which those recoveries pertain.
