LD 1759 proposed to create a special commission to study the multicultural needs of Maine teachers to ensure that multicultural awareness and understanding is brought to the attention of all students.

Committee Amendment "A" (H-319) proposed to change the composition of the Commission to Assess the Multicultural Education Needs of Maine Teachers and would reduce the membership from 11 members to nine members. Under this amendment, the commission could request that the Steering Committee of the Education Research Institute include the survey of Maine teachers as one of the targeted research projects of the research institute for fiscal year 1999-00. The amendment would also permit the commission to request staffing assistance from the Legislative Council and would allow the legislative member and public members not otherwise compensated by their employers or other entities whom they represent to receive reimbursement of necessary expenses and a per diem for their attendance at authorized meetings of the commission.

ONTP

Sponsor(s)	Committe	e Report	Amendments Adopted
NASS	ONTP	MAJ	
	OTP	MIN	

LD 1776 proposed to change the school budget format from appropriating gross revenues to the school unit as a general rule to a procedure to implement a line-item budget format. This bill proposed to establish a uniform, 10-category line-item budget format that would apply to all school budgets, while retaining an authority for the voters to adopt alternative budget formats at referendum. The details of the line-item budget format would be developed by the Commissioner of Education through rulemaking. School units that had already adopted line-item formats would be grandfathered from any regulatory requirement to amend their formats. This bill also proposed to make explicit the detail of revenue, expenditure, enrollment and per pupil expenditure information that must be a part of the school budget documents.
