ONE HUNDRED NINETEENTH LEGISLATURE
FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Please note the effective date for all non-emergency legislation enacted in the First Regular Session (unless otherwise specified in a particular law) is September 18, 1999.

LD 1720 proposed to create a uniform prospective remedy for recovery of economic loss, including related costs and legal fees, caused by tobacco exposure. As proposed, the liabilities created by the law apply only to manufacturers and not to other members of the tobacco industry.

The bill proposed that manufacturers are prospectively held to a strict liability standard and are deprived of the contributory negligence defense; but victims may not recover noneconomic damages.

The bill proposed that group losses asserted by the State, insurers or health care providers are provable on the basis of market share liability with the aid of certain presumptions that the manufacturers are permitted to rebut or adjust.

The bill proposed that the remedies are expressly cumulative and not intended to foreclose remedies that may exist or arise from interpretations of common law or state or federal laws. As proposed, amounts that may be recovered in prior tobacco settlements are credited against any losses to which those recoveries pertain.

LD 1744 **An Act to Allow Child-placing Agencies to License Preadoptive Homes as Foster Care Homes for a Child Placed in that Home Awaiting Adoption** **PUBLIC 265**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TESSIER MURRAY	OTP	

LD 1744 proposed to permit a licensed child-placing agency to designate a preadoptive parent's home as a foster home for the purpose of placing the child to be adopted in that home prior to finalization of the adoption.

Enacted law summary

Public Law 1999, chapter 265 permits a licensed child-placing agency to designate a preadoptive parent's home as a foster home for the purpose of placing the child to be adopted in that home prior to finalization of the adoption.

LD 1753 **An Act to Require Noncustodial Parents to Contribute to the Higher Education of Their Children** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MARVIN	ONTP	

LD 1753 proposed to require a parent paying child support to contribute to the costs of postsecondary education for the child until the child graduates, withdraws is expelled, or turns 23 years of age, whichever occurs first.

LD 1771 **An Act to Establish a Limit on Noneconomic Damages in Medical Malpractice Actions** **CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PLOWMAN MITCHELL B		

LD 1771 proposes a limit of \$250,000 on noneconomic damages in medical liability actions. The bill proposes that a plaintiff is still entitled to the full economic loss, including all medical expenses, rehabilitation services, custodial care, loss of earnings and earning capacity, loss of income and any other verifiable monetary losses.

This bill has been carried over to the Second Regular Session.

LD 1783 **An Act to Clarify the Limited Liability for Recreational or Harvesting Activities** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MURRAY	ONTP	

LD 1783 proposed to specify that the limit on liability for recreational or harvesting activities does not apply to a person who has been invited onto the premises.

LD 1791 **An Act to Promote Effective Management of Occupational Exposure to HIV** **PUBLIC 429**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GOLDTHWAIT	OTP-AM MAJ OTP-AM MIN	S-326

LD 1791 proposed to expand the options for obtaining authorization to conduct an HIV test on a blood or tissue sample when an occupational exposure has occurred in a health care setting and the person who was the source of the blood or body fluid that caused the exposure is unavailable or unable to give consent, such as when the person is unconscious.

Committee Amendment "A" (S-326), the majority report of the committee, proposed to clarify when a source person is unavailable or unable to give consent to the test, specifies who may receive the test results and clarifies that, if the person contacted for authorization refuses to authorize a test, the test may not be performed without the source person's consent or judicial authorization.

The amendment also proposed to clarify that the law applies to volunteer emergency services personnel, including volunteer firefighters and licensed emergency medical services persons.

The amendment proposed to require the Department of Human Services, Bureau of Health, to study options for expanding the application of the law to other groups of employers and to report back to the Joint Standing Committee on Judiciary by December 31, 1999. The committee would be authorized to report out legislation in response to the report.

Committee Amendment "B" (S-327), the minority amendment of the committee proposed to expand the application to all places of employment subject to the Occupational Safety and Health Act regulation on blood-borne pathogens. A place of employment is subject to that OSHA standard if employees there are "reasonably anticipated" to come into contact with blood, other body fluids or other infectious material.

This amendment proposed to clarify when a patient is unavailable to give consent, specify who may receive the test results and clarify that if any person refuses to give authorization, the test may not be performed without judicial consent or the consent of the source patient. It also proposed to clarify that the law applies to exposures of volunteer emergency services personnel, including volunteer firefighters and licensed emergency medical services persons.
