Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1838

An Act to Include Mental Retardation, Developmental Disability and Substance Abuse Services in the Community Service System of the Department of Mental Health, Mental Retardation and Substance Abuse Services and to Consolidate Those Advisory Bodies to the Department **CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KANE PARADIS		

LD 1838 proposes to restructure the Department of Mental Health, Mental Retardation and Substance Abuse Services to eliminate artificial barriers to services and the separation of the adult and children's mental health, mental retardation and substance abuse systems. This bill proposes to give statutory authority for stakeholders of all department services to participate in their local quality councils and include providers of services to persons with mental retardation or developmental disabilities, or both, and persons receiving substance abuse services in the local service networks. This bill proposes to eliminate population-specific committees that exist to advise the Commissioner of Mental Health, Mental Retardation and Substance Abuse Services on implementation of statewide planning. The functions of these groups would be assumed by the statewide quality improvement council whose membership will be reflective of all constituencies served by the department.

This bill was submitted on behalf of the Department of Mental Health, Mental Retardation and Substance Abuse Services.

This bill has been carried over to the Second Regular Session of the 119th Legislature.
