ONE HUNDRED NINETEENTH LEGISLATURE
FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Please note the effective date for all non-emergency legislation enacted in the First Regular Session (unless otherwise specified in a particular law) is September 18, 1999.

15. Provide to lessees of trucking equipment, such as a truck or trailer, used in interstate commerce the same sales tax exemption that is currently provided to owners of trucking equipment that is used in interstate commerce. Alternatively, a \$600 maximum would be placed on the sales tax imposed on any such equipment;
16. Require the Department of Environmental Protection to change the regulatory process from an instruction-based approach to a contractual, performance-based approach, thereby rewarding companies and businesses that meet or exceed the environmental objectives established by the department; and
17. Attract high-tech and high-wage jobs. This would be partially accomplished through the appropriation of \$300,000 each to Eastern Maine Technical College and Kennebec Valley Technical College to expand technical education programs in industries needing technically skilled workers.

LD 1917 An Act to Encourage Growth and Development in Cumberland County CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GLYNN AMERO		

LD 1917 is being carried over to the Second Regular Session of the 119th Legislature. The bill is a concept draft pursuant to Joint Rule 208.

The bill proposes to implement legislation to improve economic development opportunities in Cumberland County. It proposes to:

1. Improve the infrastructure;
2. Enhance existing businesses and encourage job growth by providing a dollar-for-dollar reduction of a business' gross income, for purposes of computing income taxes owed by a business, for funds given by an employer to an employee to pay for that employee to attend an accredited Maine school;
3. Encourage investment in Maine businesses by providing a waiver of the capital gains tax to any person who invests a capital gain within 12 months of the realization of that gain in a business or corporation that is based or headquartered in Maine;
4. Attract and provide high-tech and high-wage jobs by providing an appropriation of \$400,000 per year to the Southern Maine Technical College to create or expand technical education programs in industries needing technically skilled workers. A matching contribution of 25% would be sought from the private sector in the form of cash, equipment, materials or scholarship funds; and
5. Promote a stable economic environment through the review of current rules and regulations and taxes and make any necessary changes.

LD 1919 An Act to Promote Economic Development in Eastern Maine CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SHOREY CASSIDY		

LD 1919 is being carried over to the Second Regular Session of the 119th Legislature. The bill is a concept draft pursuant to Joint Rule 208.

The bill proposes to implement legislation to improve economic development opportunities in eastern Maine. It proposes to:

1. Improve the infrastructure, including the development of a rail line from Brewer to Eastport within 5 years and obtain appropriations to bring U. S. Route 1 from Steuben to Danforth up to national highway standards within 10 years;
2. Enhance existing businesses and encourage job growth by:
 - A. Creating an enterprise zone in Washington County. The enterprise zone would be based upon the former Job Opportunity Zones Act enacted in 1987 and repealed in 1993. The purpose of the enterprise zone is to establish a program of economic development incentives targeted to areas that are economically distressed or adversely affected by sudden or severe dislocation of the economy;
 - B. Creating a free-trade zone in Calais with an extension to Eastport. This would be similar to the current authorization given to the Loring Development Authority of Maine to apply for designation as a free port area by providing an exemption from stock-in-trade tax and other taxes and customs normally levied on personal property in transit; and
 - C. Providing a General Fund appropriation in the amount of \$50,000 annually to fund an economic development specialist position. The specialist would work under the direction of the Department of Economic and Community Development in rural communities in eastern Maine to create economic opportunities by working with local development organizations. The duties of the specialist would include providing grant writing assistance, business consultation and small business development recommendations;
3. Attract high-tech and high-wage jobs. This would be partially accomplished through the appropriation of \$150,000 to Washington County Technical College to expand technical education programs in industries needing technically skilled workers; and
4. Promote a stable economic environment through the review of current rules and regulations and taxes and making any necessary changes.

LD 1922

An Act to Establish the Maine Internet Policy Act

CARRIED OVER

Committee Report

Amendments Adopted

LD 1922 is being carried over to the Second Regular Session of the 119th Legislature. The bill is a concept draft pursuant to Joint Rule 208.

The bill proposes to establish an Internet policy for the State. The policy would include:

1. The facilitation of electronic commerce for Maine companies by:
 - A. Providing the same legal and binding status to transactions occurring over the Internet as to transactions in the traditional environment;
