ONE HUNDRED NINETEENTH LEGISLATURE
FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 2185 proposes to require the Department of Human Services to adopt rules to protect public employees from sharp object injuries. These rules would have to be at least as prescriptive as the federal Occupational Safety and Health Administration's standard. The bill also proposes to establish a fund to provide for research, development and product evaluation of needleless systems and sharp object protection.

This bill has been carried over to the Second Regular Session of the 119th Legislature.

QUINT PARADIS		

LD 2187 proposes to implement 4 recommendations of the Interagency Task Force on Homelessness and Housing Opportunities, issued pursuant to Public Law 1997, chapter 643, Part XX, section 5. The following are the 4 recommendations proposed to be implemented by this resolve.

1. This resolve proposes to establish a study of a potential Maine runaway and homeless youth system. The study would examine, for runaway and homeless youth, community-based options, low-barrier access, assessment, treatment, family mediation and outreach services that are consistent statewide to determine what minimal level of service is required to ensure the safety and well-being of unaccompanied homeless youths. This resolve proposes to establish a 10-member task force to conduct the study and submit a report of its findings, together with any recommended implementing legislation to the Legislature by March 1, 2000. The resolve proposes to appropriate \$20,000 through the Maine State Housing Authority to pay for the study.
2. The resolve proposes to appropriate \$100,000 each for the Department of Corrections, Department of Human Services, Department of Mental Health, Mental Retardation and Substance Abuse Services, Department of Labor and Department of Education to develop additional services and plans to serve youths who have outgrown the system. These services and plans would assist youths who are up to 21 years of age and who are leaving the care of a department to undertake job training and to pursue education and housing programs.
3. The resolve proposes to establish a study of the impact of legislative changes over the last 8 years to General Assistance. The study would assess program effectiveness, administrative practices at the local and state level, cost of delivering General Assistance, client benefits and the effect on homelessness. This resolve proposes to establish a 9-member task force to conduct the study and submit a report of its findings, together with any recommended implementing legislation to the Legislature by March 1, 2000. The resolve proposed to appropriate \$5,000 through the Department of Human Services to pay for the study.
