 RE: **BILL SUMMARIES, 119th LEGISLATURE, 2nd REGULAR SESSION**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the Joint Standing Committee on Appropriations and Financial Affairs during the 2nd Regular Session of the 119th Legislature. The summary describes each bill or order and relevant amendments as well as the final action. Also included is a statistical summary of bill activity by the committee. Please note the effective date for all non-emergency legislation enacted in the 2nd Regular Session (unless a later date is specified in a particular law) is August 11, 2000. Joint Orders are effective when passed.

The bill summaries for your committee also include 4 bills that, although discussed in work sessions, were never referred. LD's 2589, 2646, 2664 and 2692 were discussed as part of your committee process and are therefore included in this document for your information.

The document is organized for convenient reference to information on bills handled by the committee this session. <u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MURPHY T KONTOS	ONTP	

LD 2420 proposed to provide a General Fund appropriation of \$1,250,000 in fiscal year 2000-01 for the University of Maine System for approximately 1/4 of the costs of construction of a new building on the campus of the University of Southern Maine to house a new proposed program, developed jointly through a partnership between the University of Maine System, the University of Southern Maine, the Maine Medical Center and the Foundation for Blood Research, whose purpose is to provide for training postgraduate students with math or science degrees in education; these students would be encouraged to enter the field of teaching, thus aiding in the amelioration of the shortage of math and science teachers in secondary education. The proposed funding and the development of the program would have been contingent on the provision of adequate funding from sources other than the University of Maine System to cover the balance of the costs of constructing the new building.
