Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

**JOINT ORDER - Relative to the Committee to Study the
Authorization of Specialty License Plates**

**DIED ON
ADJOURNMENT**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
FISHER O'GARA	OTP	

HP 1327 proposed to establish the Committee to Study the Authorization of Specialty License Plates. It was proposed that the committee would study the issues regarding legislative authorization of specialty license plate requests. These issues include statutory requirements, impacts on State resources and public safety concerns. In addition, the committee would study the experiences of other states that authorize specialty license plates and would consider viable alternatives to the issuance of specialty license plates.
