**Summary Of Legislation Before The Joint Standing Committees**  
**August 2001**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

### *Enacted law summary*

HP 1389 established the Committee to Study Reimbursement Rates for Maine's Bottle Redemption Businesses and Other Issues Related to the Handling and Collection of Returnable Containers. This Joint Order is essentially identical to Committee Amendment "A" to LD 455, which was a resolve with a similar title. The 13-member committee established under this joint order was directed to examine a number of issues related to handling and collection of returnable containers, including: operational costs of redemption centers to determine whether or not an increase in the reimbursement rate for handling costs is warranted; the interrelationships among beverage producers, distributors and redemption centers concerning collection of returnable containers; and the nature and extent of fraudulent redemptions. Pursuant to the Joint Order, the study committee must report its findings and recommendations to the Joint Standing Committee on Business and Economic Development by December 5, 2001.
