120th Legislature
First Regular Session

Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 166

An Act Concerning Commercial Shooting Areas

**PUBLIC 49
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TRACY MCALEVEY	OTP-AM	H-58

LD 166 proposed to allow the Commissioner of Inland Fisheries and Wildlife to issue free special commercial shooting area hunting licenses to residents of the State who are 70 years of age or older.

Committee Amendment "A" (H-5) proposed to strike the bill and do the following:

1. It proposed to remove the requirement that game birds used by commercial shooting areas and game bird suppliers have leg bands;
2. It proposed to authorize the Commissioner of Inland Fisheries and Wildlife to allow commercial shooting areas to stock Hungarian partridge;
3. It proposed to require a commercial shooting area to provide each person taking birds in that area a receipted invoice or bill of sale for possession and transportation of those birds;
4. It proposed to provide that the distance between commercial shooting areas must be measured between the property lines at their closest points to each other and that a new license can not be issued to a new shooting area prior to 6 months after the expiration of a license possessed by an existing shooting area that is within 5 miles of the new shooting area unless the holder of the expired license states in writing to the commissioner that the license will be abandoned;
5. It proposed to allow the renewal of a shooting area license if applied for within 6 months of the expiration of the old license; and
6. It proposed to increase the fee for commercial shooting area licenses from \$333 to \$500 for the first year and from \$133 to \$250 for every year thereafter.

Enacted law summary

Public Law 2001, chapter 49 allows commercial shooting areas to stock Hungarian partridge and removes the requirement that game birds used by commercial shooting areas possess leg bands. This public law clarifies the distance required between commercial shooting areas, the license issuance and renewal requirements, adds certain operational requirements and sets fees for operating a commercial shooting area.

Public Law 2001, chapter 49 was enacted as an emergency measure effective April 12, 2001.
