Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. Joint Standing Committee on Banking and Insurance

LD 251 proposed to clarify the application of the definitions of "medical necessity" and "medically appropriate health care" to the medical review or utilization review practices of managed health care plans in the State.

Committee Amendment "A" (H-328) was the majority report of the committee and replaced the bill. The amendment proposed to repeal the definitions of "medical necessity" and "medically appropriate health care" and replace them with a definition of "medically necessary health care." The amendment clarified that "medically necessary health care" is the standard used to govern review of medical issues in utilization review at all stages of review, including internal and external appeals and civil action.
