Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

requirements of the law and of customer rights under it. The Public Utilities Commission would be directed to adopt implementing rules. This amendment also proposed to add a fiscal note to the bill.

Enacted law summary

Public Law 2001, chapter 29 requires a telephone utility offering intrastate toll service to provide prior written notice of any increase in the price for such service or change in terms or conditions for such service that would result in an increase in costs for any customer. The law also requires the utility to file a tariff revision with the Public Utility Commission identifying the new price or the change in the terms or conditions of service. The law specifies that failure to provide such notice results in the increase in price or change in terms or conditions being invalid. Customers who are not provided the notice may withhold payment for the increased prices, and a telephone utility that fails to provide the required notice must refund the excess payments. The law also requires telephone utilities to provide notice to customers of the requirements of the law and of customer rights under it. The Public Utilities Commission is directed to adopt implementing rules.

LD 316 proposed to allow the Public Advocate, when necessary, to serve as a voting member of a regional body that is directly concerned with matters affecting the price and quality of retail utility service in Maine, such as the New England Power Pool.

Committee Amendment "A" (S-8) proposed to clarify that if the Public Advocate serves as a voting member of a regional body such as the New England Power Pool, this does not create or constitute a conflict of interest. The amendment also proposed to add a fiscal note and an emergency to the bill.

This law was enacted as an emergency measure effective on April 6, 2001.
