Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 403 proposed to require that health insurers and health maintenance organizations provide coverage for general anesthesia and associated facility charges for dental procedures rendered in a hospital for certain eligible enrollees, including persons with developmental disabilities and persons whose health is compromised and for whom general anesthesia is medically necessary. This bill does not provide coverage for charges for the dental procedure itself, including, but not limited to, the professional fee of the dentist.

Committee Amendment "A" (S-300) was the majority report of the committee and replaced the bill. Like the bill, the amendment proposed to require that health insurers and health maintenance organizations provide coverage for general anesthesia and associated facility charges for dental procedures rendered in a hospital for certain eligible enrollees, including persons with developmental disabilities and persons whose health is compromised and for whom general anesthesia is medically necessary. As in the bill, coverage would not be provided for charges for the dental procedure itself, including, but not limited to, the professional fee of the dentist. The amendment proposed to clarify that coverage under a dental insurance policy is primary and health insurance coverage is secondary and make other clarifications in the language.

The amendment would apply to all policies, contracts and certificates issued or renewed on or after January 1, 2002. The amendment also added a fiscal note to the bill.
