**Summary Of Legislation Before The Joint Standing Committees
August 2001**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Joint Standing Committee on Business and Economic Development

LD 455 proposed to set the deposit and refund value of refillable containers, nonrefillable containers sold through geographically exclusive distributorships and nonrefillable containers not sold through geographically exclusive distributors at 5-cents per container. The bill also proposed to set the deposit and refund value of wine and spirit containers at 15-cents per container. The bill also proposed to increase the reimbursement rate for handling costs by redemption centers from 3-cents to 5-cents per container. The bill, as amended by Committee Amendment “A,” was not removed by the Senate from its Special Appropriations Table and died on adjournment of the First Regular Session. The contents of the amended bill, however, were included in a joint study order (HP 1389), which was passed by both Houses prior to adjournment.

Committee Amendment “A” (S-105) proposed to strike and replace the original title and the original bill. It proposed to establish the Commission to Study Reimbursement Rates for Maine’s Bottle Redemption Businesses and Other Issues Related to the Handling and Collection of Returnable Containers. The 13-member committee proposed to be established under this amendment was directed to examine a number of issues related to handling and collection of returnable containers, including: operational costs of redemption centers to determine whether or not an increase in the reimbursement rate for handling costs is warranted; the interrelationships among beverage producers, distributors and redemption centers concerning collection of returnable containers; and the nature and extent of fraudulent redemptions. The amendment also proposed that the study committee report its findings and recommendations to the Joint Standing Committee on Business and Economic Development by December 1, 2001.
