**Summary Of Legislation Before The Joint Standing Committees  
August 2001**

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

### **An Act to Regulate Waste Transfer Facilities**

**ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LOVETT BROMLEY	ONTP MAJ OTP-AM MIN	

LD 509, a concept draft pursuant to Joint Rule 208, proposed to require a solid waste facility that had a capacity in excess of the waste stream generated by the municipality where the facility was located to prove to the Commissioner of Environmental Protection that the facility met the substantial public benefit test required of new or expanded solid waste facilities.

**Committee Amendment "A" (H-485)**, a minority report, replaced the concept draft and proposed to require a municipal solid waste transfer station that had not received final approval by the Department of Environmental Protection by March 1, 2001 to apply to the Commissioner of Environmental Protection for a public benefit determination. The amendment also added an appropriation section and a fiscal note to the bill.
