Summary Of Legislation Before The Joint Standing Committees
August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Enacted law summary

Public Law 2001, chapter 199 makes several changes to the section of law that deals with nuisance animals and depredation permits for landowners, farmers and orchard owners. Specifically, Public Law 2001, chapter 199 requires that a wild animal be located within the crop or orchard where substantial damage is occurring before it can be harvested as a nuisance animal. This public law allows a person to employ someone outside of the immediate family to take or kill wild animals so long as that person first contacts a game warden to arrange for a person to alleviate the damage. Additionally, this public law prohibits certain persons from being eligible to receive permission to take or kill a wild nuisance animal.

Public Law 2001, chapter 199 provides that the cultivator, owner, mortgagee or keeper of the crop or orchard is entitled to ownership of the carcass, not the person who harvested the animal, and provides that the owner of the carcass may transfer possession of the carcass to another person in accordance with labeling requirements for deer, bear and moose. This public law limits the wild animals that must be properly cared for to deer, bear and moose. Finally, this public law authorizes the commissioner to issue a permit to a person entrusted with the custody of a beekeeper's beehives allowing that person to protect the beehives from bear damage.
