120th Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees August 2001

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

center's mission and the authorization to use Maine's nonprofit business statute as a basis for organizational structure.

- 4. The center would be able to charge patients for the product to help cover the cost of the center. The center would also be prohibited from securing medical marijuana from outside the State.
- 5. A mandatory registry system for patients using the center would be created to ensure that only qualified individuals access the center's services. The system would be maintained by the center with oversight and input from the sheriff of the county within which the center is located. Other law enforcement personnel could confirm the participation of individuals in the center's services, if necessary, through that particular sheriff's office or the center. Among other things, the registry system would consist of a photo identification card, and the center would be authorized by the patient to check with the individual's physician that the individual falls within the provisions of the Maine Medical Marijuana Act of 1998. The center would also check with the appropriate state medical board or with the statewide medical association to determine that the physician is duly licensed to practice in the State.
- 6. The center would be required to keep records of patients' usage from the center in order to monitor compliance with statutory limits.
- 7. The center would be required to report to the Legislature within 18 months of commencement of operation concerning the center's operations, an evaluation in meeting patients' needs and the unmet needs of patients. The report may also contain suggestions for additional legislation to meet needs of patients. The Legislature could then take additional action, including the authorization of additional sites with the State.
- 8. A person qualified under the Maine Medical Marijuana Act of 1998 who possessed appropriate documentation under the current law of that person's qualification at the time of a stop or encounter with law enforcement would not be subject to seizure of a lawful amount of marijuana or the equipment necessary to maintain, grow or consume medical marijuana.

Following the United States Supreme Court decision in <u>United States v. Oakland Cannabis Buyers' Cooperative</u>, in which the court held that there is no defense to federal criminal drug charges based on medical necessity of the recipient and that the federal government can obtain a civil injunction against a coop to prohibit growing and distribution, LD 611 was carried over to the Second Regular Session of the 120th Legislature.
